Friday October 6
FREE NUTS DAY

TIGER TALES

Principal's Message

Dear Parents and Students,

We are glad that everyone is well after Hurricane Irma. If any family has any needs please contact the office. As you can see our school was damaged by the hurricane. The classrooms were flooded with water because we lost part of the roof, damaging the carpets, floor tiles, ceiling tiles and furniture—book shelves, books, etc. For that reason and for the health and safety of teachers and students we are not using the classrooms on the second floor and First grade classroom due to a musty smell. We purchased humidifiers and fans to remove the humidity and smell. Thank God, to the commitment and dedication of our teachers, students and parents as you have been able to make plan B successful to continue educating our students with excellence in spite of the situation. We are in the process of inspection, insurance and everything necessary so that everything returns to normal as soon as possible. This will be a lengthy process as we have to wait for approval from the insurance before we can rip

all flooring etc. up. We also have a huge deductible—\$30,000+ so we are also looking and applying for assistance towards that. Any voluntary help is very welcome. After-school sports has been canceled until further notice because the Life Center is being used for 3rd & 4th grade. Those who are registered and paid after sports for these nine weeks will not be charged the next quarter. Sorry for the inconveniences.

I understand many families also have family in Puerto Rico, an island that has also suffered catastrophic damage. We are all praying for the inhabitants of that island and hope your families are safe.

Once again I we Thank God for His infinite mercy and for each one of you.

Many Blessings,
Sheila Miles
Principal
